## Greetings from il Capo

This is your last publication from the club for 2011. It is our second run at a calendar, and we hope you are as pleased as we are. Great effort was made to include a wide range of Ducati products, and we hope you like them. We had a lot of submissions that we were not able to use for various reasons. We were trying to keep the photos from repeating themselves from last year and also being too close to what we already had in earlier months in this calendar. Photos of unusual Ducati are always something we would like to see.

We plan on doing this again next year, and if you have a bike you would like to have considered, now is the time to start planning your photo shoot. Be careful to have a good background and not have a tree growing out of your gas tank. Also, make sure the lighting is even so that one side of the photo is not over or under exposed. Studio shots are fine, but Ducati live to be ridden, so outside shots are great. Hopefully, the calendar will fill you with wonderful ideas for a nice photo shoot.

It would be best to have any submissions to me by no later than March 1, 2012. Earlier is fine, but we need a lot of time to do the calendar—this one took about three months longer than planned.

If you would like additional copies, they are available for a postage and handling charge of \$25 for up to ten. The reason for that is ten comfortably fit into a flat-rate Priority envelope.

For "full enjoyment" of the calendar, please remove the center spread so June's photo and calendar can be viewed correctly.

## Endless Transformations

Multistrada 1200. A dream Ducati: 4 bikes in 1. A sport bike, long-distance tourer, urban machine and an adventurous enduro are now all one click away. With the Testastretta 11° engine, the Multistrada 1200 is a masterpiece of sport, comfort, safety and handling, ready to transform itself for every new ride, for every new thrill.

## Ducati Monster 1100<sup>EVO</sup> The Ultimate Monster

Evolution equals unprecedented thrill. With the 1100<sup>EVO</sup> we've perfected the formula that has defined the Monster as the world's most iconic naked motorcycle. The 100 hp Desmodromic Engine coupled with the Ducati Safety Package, including ABS and Ducati Traction Control, provide an exhilarating, yet smooth ride. The low-slung exhaust and improved ergonomics enhance both style and comfort, and controlled ride. The performance is undeniable. The thrill is something you must experience for yourself.
